Dunlop Tire Joins Rath Racing at the gate in 2008!

Rath Racing has had the honor to work with some of the most respected companies in the industry, and is excited to announce the addition of Dunlop Tire as a key player in their 2008 Program. Dunlop played an important role in Daryl Rath's previous Quad Terrain success with a proven utility tire. Dunlop is now ready to showcase a new sport radial tire designed for today's level of competition.

"I have had the opportunity to build a relationship with Dunlop Tire over the past few seasons. I am thrilled to be a part of the introduction of their new sport tire. They have a stellar reputation in the motorcycle racing industry, I am confident that with their added focus on the ATV Industry you can expect a competitive product" stated Daryl Rath. He added, "They are a good fit for this team, showcasing something new and they have years of experience behind them."

"Daryl and everyone involved with Rath Racing are always putting forth 100% whether they are racing or supporting their sponsors. This is the type of professional organization Dunlop looks to establish long term partnerships," said Steve Yanacek, Dunlop's off-road and ATV product and marketing manager. "Dunlop is pleased to continue its relationship with Rath Racing from product development, testing and race support. We anticipate the 2008 season being exciting year for both Dunlop Tire and Rath Racing."

This new team will be going to the gate showcasing a wide variety of Dunlop tires on the following Polaris vehicles this season, from the all new Polaris Outlaw MX450S , Outlaw 525S, Sportsman 4x4's and the Polaris RZR.
